Software Developer

I am Full-Stack Developer with expertise in **C#, .NET Framework, Python, TypeScript, React.js, JavaScript, HTML, and CSS**. Experienced in developing backend systems, web applications, APIs, database-driven solutions, and cloud-based applications.

Strong understanding of **Object-Oriented Programming, software development principles, databases, containerization, version control, and cloud technologies**. Hands-on knowledge of **Docker, Git, GitHub, AWS, and Microsoft Azure**, along with experience working with **SQL Server, MySQL, SQLite, and PostgreSQL**.

Also skilled in **SEO and technical optimization**, combining software engineering expertise with the ability to build performant, search-engine-friendly web applications.

- CSS
- Bootstrap

Backend & Frameworks

- .NET
- Django
- Node.js

Databases

- SQL Server
- MySQL
- SQLite
- PostgreSQL
- Supabase

Cloud & Deployment

- Google Cloud
- Azure
- Cloudflare
- Vercel
- Netlify

Tools & DevOps

- Git
- GitHub
- Docker
- Swagger

AI Tools

- Claude
- Gemini
- ChatGPT
- Antigravity

WORK EXPERIENCE

Slang

- Co-Founder (Aug 2026-Present)

FlyRank AI

- Intern (June 2026-Present)

EDUCATION

University of Engineering & Technology, Lahore

- BSc Software Engineering (Sep 2025-Present)
CGPA:3.44

Government College University, Lahore

- Intermediate (Sep 2023-July 2025)
1025/1200 A+

St. Anthony's High School, Lahore

- Matriculation (Mar 2011-Feb 2023)
1036/1100 A+

CERTIFICATIONS

- **National ACT AI Training – PMYP X HEC**
AI Skillbridge
- **AI Fluency Framework & Foundations**
Anthropic
- **Applied AI Foundations**
OpenAI
- **Claude Code 101**
Anthropic

AWARDS & SCHOLARSHIPS

- **Honhaar Scholarship**
Government of Punjab

VOLUNTEERING & LEADERSHIP

- **UET Science Society - PR Team**
Member
 - **451 Research**
Member
-
